Steven Gauze – Board Member

October 12, 2020

Martin County School District always has the health and well-being of our students and staff at the forefront each day. To be clear and transparent we want to notify you of a positive case of COVID-19.

This morning a new positive case was brought to our attention that affects a student in the Martin County School District. We are working with the Martin County Health Department to perform contact tracing and notify anyone who may have been in contact with the student. Extra cleaning and thorough sanitation will be conducted in order to prevent the spread of the virus.

Please watch your children for common symptoms of the virus: fever, cough, headaches, body aches and shortness of breath. Please do not send your children to school if you believe they have been exposed or are awaiting test results for COVID-19. Contact your health care provider if you have any questions or concerns.

Thank you,

Larry James, Superintendent

Martin County Schools
