What School Wide Title Programs Offer

Title I is about giving all children a chance to be successful. Some students may not have all the advantages other students have. That is where Title I comes in. The goal is to help all children succeed.

Martin County High School receives Title I funds and services. Our school has developed a Comprehensive School Improvement Plan (CSIP) with goals and strategies based on the specific needs of the students of that school. School staff, teachers and parents see what is needed for all the students to meet Kentucky's education standards. The school based is based on their assessment on: ACT, standardized tests, program assessments, state accountability assessments, school grades, parent, student and teacher surveys.

Goal of Title I

The specific goal of Title I is to improve student's achievement through:

- Effective instruction;
- Scientifically research based academic programs;
- Professional development to build the skills and capacity of teacher and instructional assistants;
- Effective and efficient parental involvement.

Research indicates that parent support is more important than any other factor in determining a child's success in school.
